Incorrect Invoicing?

Aged Debtors (Member owe)

- Increasing year on year
 - Increase in number of units owing (recession)
 - Service Charges owed?
- Members don't pay as don't see any 'value for money'
- Serial Non - Payers don't appear to be pursued through the courts?

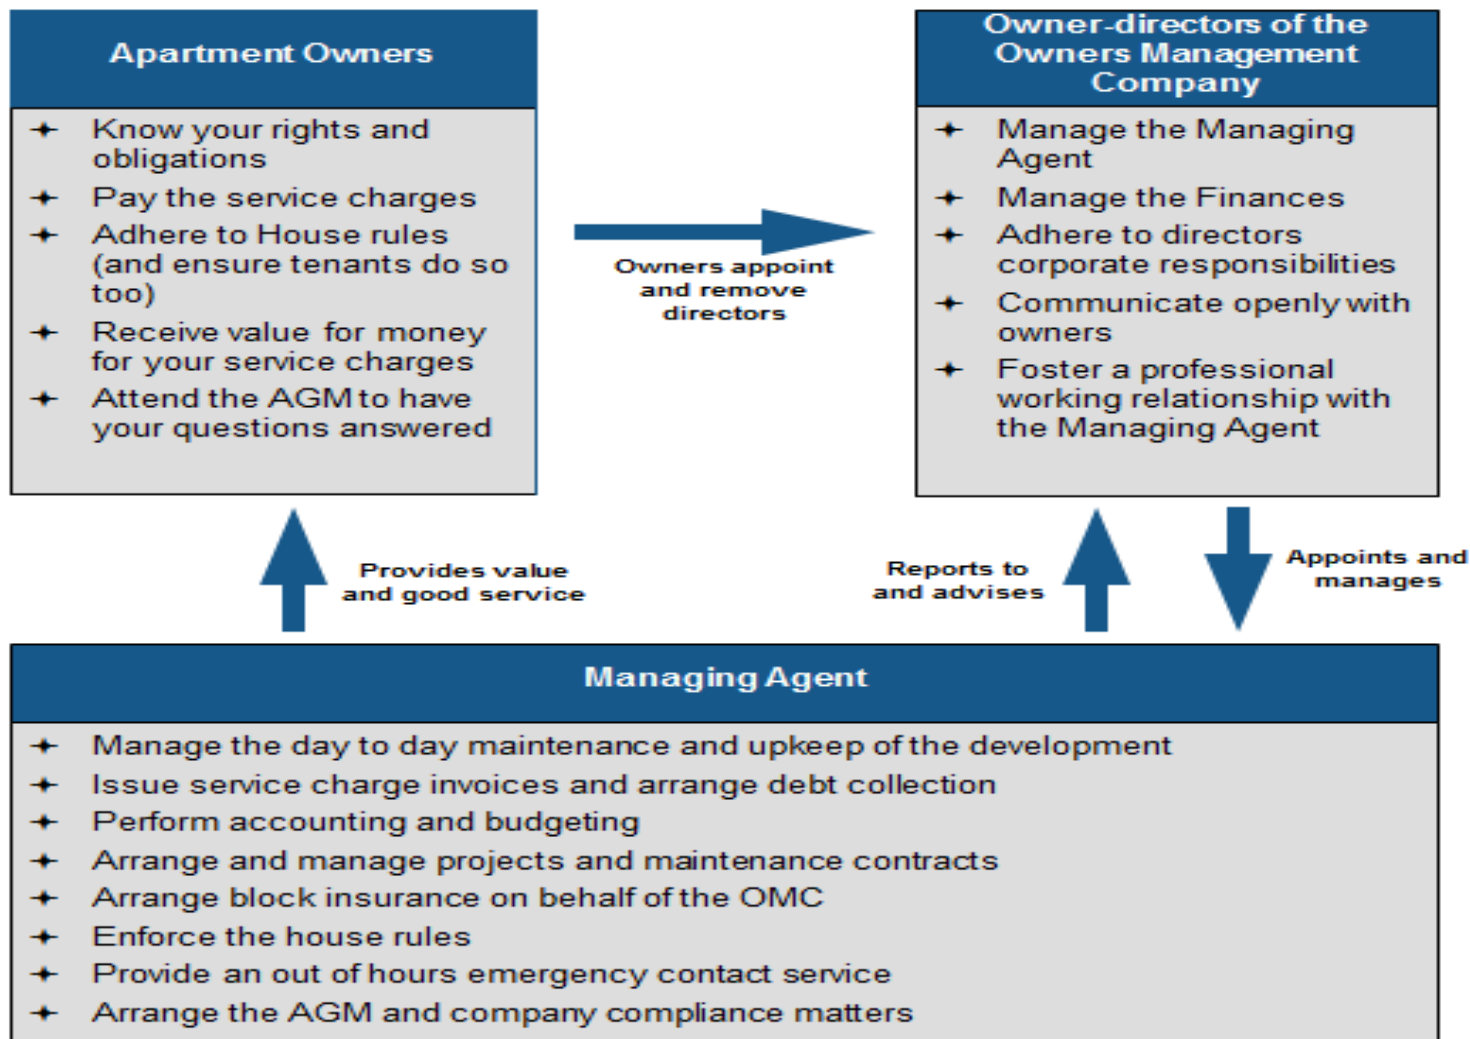

Aged Creditors (Management Company owe)

- Increasing year on year?
- Hidden Costs?

The Board of Directors?

- Managing Agent acting “Company Secretary”?
- Managing Agent- Bully style tactics & lies
- Directors not educated or usually inexperienced?

Normal OMC Management Structure

To This...

Owners

- Know your rights and obligations
- Pay Service Charge
- Adhere to House rules
- Receive 'Value for Money' for your service charges
- Attend AGM to have questions answered

Directors

- Manage the Finances
- Adhere to directors corporate responsibilities
- Communicate openly with owners
- Foster a professional working relationship directly with suppliers
- Manage the day-to-day maintenance and up-keep of development
- Ensure health & safety standards are met
- Issue service charges and arrange debt collection
- Perform good accounting practices and budgeting
- Arrange contracts and projects
- Arrange block insurance - and claims
- Enforce House Rules
- Provide out of hours emergency contact
- Arrange AGM and company compliance

WHERE TO BEGIN?

TIME - Don't underestimate!

- Very time consuming - but rewarding
- Look at outsourcing certain areas of the business
 - Call-Centres
 - Book Keepers
 - Debt Collection Agency's
- Monitoring emails daily
- "On Call" Phone weekends and during the day
- Insurance claims
- Issues/Complaints
- Meeting Suppliers
- Board Meetings
- Repairs (being on site)

Directors

- The OMC must have members sitting as Directors or be in a position to vote new directors in and get rid of the old.
- You need to have at least 3-4 willing Directors with a real and lasting passion to improve your development?
- Directors with current skills in trade, accounting etc. all beneficial
- Payment to directors - should be considered due to the amount of time involved.
- Educate Yourself
- Relationships, Politics & Trust!!

Bank Account

- Set up business online banking (slightly addictive!!)
- Gain control
- Quite easily done
- Massive benefits

Budgeting

- Need to have a reasonable understanding
- Setting realistic budgets?
- Allowing for non-payers in your budget
 - Service charge €1600, non payers 10?? That's €16000 missing from your budget before you start

Accounting

- Reasonable understanding
- Very easy P&L account - Straightforward
- Invest in accounting package - Tas

Communication

- Communicate effectively with members -
Newsletters / regular updates ([Click Here](#))
- Statements - how often?

Ongoing Issues

- Communication
- Educating owners - what did I buy?
- Managing expectations
 - Shoot the children!!
 - Shoot the dogs!!
 - Count the daffodils!!
- Holiday and absence cover - 24/7
- Vesting and handover - new territory

And finally...

Is it worth it?

Would I do it again?

What would make it
easier?

Thank You
